

MERITOR

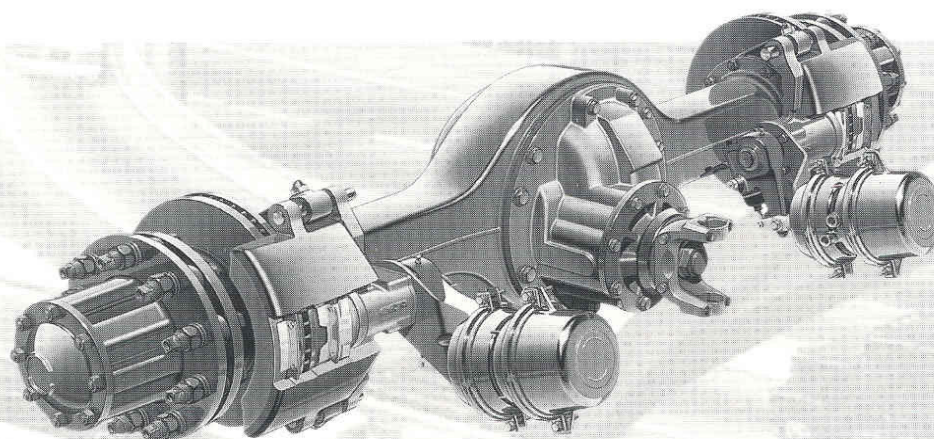

an *ArvinMeritor* brand

Revised 08/01

\$2.50

Carrier Quick Reference

Catalog PB-94184

Strength • Power • Speed • Agility

MERITOR PARTS. RIGHT FROM THE START.

HOW TO USE THIS CATALOG

There are several charts in this catalog to help you determine which Meritor part number you should order to service the axle in your vehicle. The first step will be to determine which axle model you have in the vehicle. This information should be available either on the line set information that came with the vehicle or by noting the model number that is on the stamped metal tag attached to the axle housing near the center on one of the legs.

- **Model Examples:**

QHD-NX-145
SHD-PX-106
RS-23160NFNN-105
RP-20145-NCNN-28
59722-WX-169

- **RS-Series/RT-Series Standard Carrier Chart**

This chart will help you determine the most common new carrier part number for your RS-Series of RT-Series axle. These carriers are shipped less input yokes and will contain either a standard differential or driver controlled differential lock depending on the axle specification.

- **Reman Axle Model Offering**

This chart identifies the available Reman part numbers and the corresponding production designation. This chart is in Reman part number order.

- **New Service Carrier to Reman Carrier Cross Reference Chart**

This chart identifies the Meritor Reman part number you should order to replace the original carrier in your vehicle. This chart is in part number sequence by new carrier.

- **Reman to New Service Carrier Cross Reference Chart**

This chart identifies the new carrier part number that can be used in place of a Reman carrier. This chart is in Reman part number order.

- **NoSPIN® Chart**

This chart lists the NoSPIN® part numbers for each model and is in model number sequence.

- **Carrier Supercession Listing – Yoke to Less Yoke**

This chart identifies the carrier with the yoke to the corresponding carrier less yoke where applicable. The yoke information is also listed for each carrier. Current carriers that are less yoke are also included in this section. **This chart does not reflect the gear ratios available for these carriers. Please specify the ratio when ordering the new carrier part number. If you are uncertain what ratio is needed, contact Florence Information Services Department at 1-888-725-9355, option 5.**

(1) This carrier has a new input shaft (2.35"-46) and needs a new yoke.

See PB-9147 for new yoke part numbers.

(2) Replaced by RD20145 series.

ARVINMERITOR AFTERMARKET PARTS WARRANTY

We warrant all new parts for one year from date of shipment to the buyer against defective material or workmanship (but not against damage caused by accident, abuse or improper installation, maintenance or repair) when such parts are used on vehicles the specifications of which have been approved by our Engineering Department.

As the exclusive remedy under this warranty, we will, at our option, repair or replace such parts free of charge, or take back the nonconforming parts and refund the monies paid by buyer for such parts, if found on examination by us to be nonconforming and if any necessary return charges are prepaid.

If it is necessary to return any parts under this warranty, buyer agrees not to make any deduction on account thereof from remittances on current accounts while claims are in the process of disposition. Any expense incurred without our consent for repairs or replacement will not be allowed.

THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE. IN NO EVENT SHALL SELLER BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY NATURE.

Only genuine ArvinMeritor replacement parts are covered by this aftermarket parts warranty.

Information contained in this publication was in effect at the time the publication was approved for printing and is subject to change without notice or liability. ArvinMeritor reserves the right to revise the information presented or discontinue the production of parts at any time.
